

WILSON TOOL INTRODUCES THE...

Geometry of the 2D Shape

WILSON STYLE MICRO JOINT SLITTING TOOL

The new and improved standard Slitting Tool is engineered for high use and longevity.

- Offered in sizes 76.2 x 5 and 56 x 5 for standard and 241 punches. Both come with Rooftop Shear as standard.
- Tools will be dispatched on the **same day** of order for Trumpf group H & I machines.
- Other machines will be next day.
- Die clearance available:
0.15, 0.20, 0.25, 0.30, 0.40 & 0.50

For Trumpf and Pullmax machines.

Both styles as standard come **Optima** coated, providing longer tool life and increased wear resistance.

The 241 punches are also manufactured from **Ultima Tool Steel** boosting the resistance for demanding applications that require long term wear and toughness.

Description (Punch, Die & Stripper)	Size	Cat. No.
